Operating since 1995, the law firm of Kaye Moser Hierbaum LLP specializes in family law, estate planning, probate and trust administration, and litigation. The firm has been banking with First Republic since its inception. Susan and Barbara receive the same level of devoted personal service from First Republic as they provide to their own clientele, a key reason why their relationship with the Bank has continued for so many years. And that's the honest truth.

“They treat us the same way we treat our own clients...no other bank can even come close.”
